Treasure Every Breath.

Nihon Kohden OrangeMed, LLC is offering Technical Service Training for Nihon Kohden's NKV-550 Ventilator, AIR-550 Air Compressor, and NKV-330 Ventilator.

Our technical service trainings are for Biomedical Equipment Technician (BMET) and field/in-house service technicians to learn how to operate, conduct preventative maintenance, troubleshoot, repair, and calibrate Nihon Kohden ventilators and compressor.

Training Outline:

NKV-550

Day 1: Introduction - Overview of NKV-550, cleaning, PM, and basic service information and processes.

Day 2: Hands-on disassembly and reassembly of breath delivery unit (BDU).

Day 3: Operation verification of reassembly and troubleshooting.

NKV-330

Day 1: Overview of operation, basic service information and PM of NKV-330.
Hands-on disassembly and reassembly of NKV-330.

Day 2: BDU Service

Class sizes are limited to ensure optimal hands-on experience. During the training, service manual and support documentation materials will be provided to participants.
